

PRECISION DOCKING CARTS

**+/- 0.005”
Repeatability**

**No Floor Mount
Trip Hazard**

Application	Notes
Automation	Highly repeatable so even non-vision systems produce identical results every time <ul style="list-style-type: none">• Mount robot on cart and bring to parts or vice versa• Reduce loading downtime with multiple carts
Precision Manufacturing	Cart docks to the same place (and stays in place) every time! Can also use for locking assembly tables
